

Beacon Management Inc.

6025 Scott Way

Commerce CA

90040

LINE CARD

The competitive nature of electronic manufacturing has led to a dramatic rate by which their products become obsolete. Beacon Management, Inc. is built upon the management of these valuable commodities. Our mission is to reduce your overhead while indemnifying corporate risk.

BMI's diverse metal management process coupled with an aggressive reverse logistics ARM makes for a well balanced partner. As a large volume consumer of electronic materials we have formed global alliances translating into the highest possible returns for your materials.

Our Formula focuses upon a balanced approach to recycling while providing a full array of services to suit your specific needs.

Reasons to work with BMI:

- OEM Reduced Manpower
- OEM floor Space Increase
- Nationwide Dismantling
- Financial Strength
- Tracking/Accountability
- Permitted Facility
- Maximum Return
- Certified Destruction of Proprietary Materials
- Open Door Policy
